

LEVEL 1: Pictorial/ Abstract

1. Using blocks, build a rectangle with an area of 5×25 .

Key

2. Draw a rectangle with an area of 5×25 . Count up the product.

$5 \times 25 = 125$

Draw the sketch for each of these products:

a) $4 \times 35 =$

140

b) $3 \times 42 =$

126

c) $6 \times 33 =$

198

LEVEL 2: Mental Math

Can you VISUALIZE the answer, without using a pencil? Shade in if you need to. Show your thinking in the answer blank.

a) $5 \times 31 =$ (5 rows of 30 plus the 5 ones)

$5 \times 31 =$ 150 + 5 = 155

b) $2 \times 42 =$

$2 \times 42 =$ 80 + 4 = 84

c) $6 \times 22 =$

$6 \times 22 =$ 120 + 12 = 132

d) $5 \times 51 =$

$5 \times 51 =$ 250 + 5 = 255
