

#1. These 3 parts (a, b and c) represent the SAME problem. Can you figure out the problem? Then draw the blocks in the EIGHT circles, do the chunking problem and the long division.

(a) (level 1)

$$\begin{array}{r} \boxed{336} \\ \hline 320 \quad 18 \end{array} \div \boxed{8}$$

remainder: 2
